Story #1: [Thanks for All the Gardenia Candles, Folks](#)

RUSH: Before we go anywhere, I have to issue a thanks. I have been getting gardenia scented candles sent to me out the wazoo here ever since I mentioned it a couple weeks ago, and it's gotten to the point here I need to thank some people. Rex Mason at the [Root Candle Company](#), they are in Medina, Ohio -- they sent a whole bunch of things in. A company called [Wicks n' More](#), I got a great catalog from them. I don't know where they're from, but anyway, great catalog here, and two babes founded Wicks n' More, and there are others that have sent these in. I thank you all very much. We're fully scented here at the EIB Network.
